

Sit Down Longarm Machines for this class are provided by Pfaff and Moore's Sewing Center.

Due to safety concerns and contractual obligations, you are **NOT** permitted to use any machine other than the machines provided by BERNINA.

The following supply list may state that you need to bring your own sewing machine. **THIS IS NOT CORRECT.** Please do not bring your own sewing machine to this class.

Glorified Nine Patch – Modern - Full Day Workshop

Description: Illusion at its best! But how do you get those curves? With straight lines of course. Go figure but it's just that simple. You take two relatively high contrasting colors, you alternate two pieced "quilter friendly" blocks then float segments into the border and just like that you're done! You will learn how to make pointy triangle segments with the Tri-Recs tool and how to artfully transition and color blend from one block to the next.

Fabric requirements:

(6) 18" x 22" assorted Choir fabric
(1) 4½" x 22" Harmonizer fabric
1 yard of light background fabric
1 yard of medium background fabric

Special tools: Angle Trim Tool (\$15) and Tri-Recs Tool by Simplicity (There are several tools on the market very similar to this and any of them should work. Check your tools before you purchase, it is highly likely you have it (it has 2 pieces, a skinny and a wide). It's been on the market for ages.)

Instructions: Pattern (\$10)

General supplies: Sewing machine with manual (are machines provided?); ¼" foot without edge guide (if possible); (2) thread colors, one for the top and another in the bobbin and that is visible on the wrong side of fabric; seam ripper; thread snips; rotary cutter, ruler and mat; extension cord; straight pins; finger pressing tool; and batting to use as a design wall (optional).

Gyleen's thoughts: I used my collection of greys both dark and medium for the Choir fabrics and a fun off-white with grey writing for the background. Of course that lime makes the perfect Harmonizer fabric. If you use a collection, consider adding in a few FQ from your stash for added spark.
